Dante said in the invite to the other call that he had availability all day so I think we should be able to move it. I'll update you tomorrow

Subject: RE: Plume Stability Telephone Conference Call

Sarah,
My apologies I wasn't aware of that call and Dante is out of the office until Monday.
We could reschedule for Monday August 28, Tuesday August 29, or Wednesday August 30 if the YPT team is available on any of those days.
Since one of the participants on the call is in the Eastern Time Zone the call would need to be either morning or early afternoon.
Would you be able to check on the availability of the YPT team for those alternate dates?
Thanks.
All best,
Dave Seter

This is at the same time Dante has scheduled a call for deferral update. I'm seeing if we can reschedule the time for that call and will let you know asap.
